

eSOL Co., Ltd.

CC-Link IE TSN SDK (Master)

CC-Link IE TSN Master SDK

- **eSOL CC-Link IE TSN SDK compliant with the fast and high-precision CC-Link IE TSN**

Compliant with master station for CC-link IE TSN Class B

- **High Usability**

Run on Windows-based IPC

Support Visual Studio as a development environment

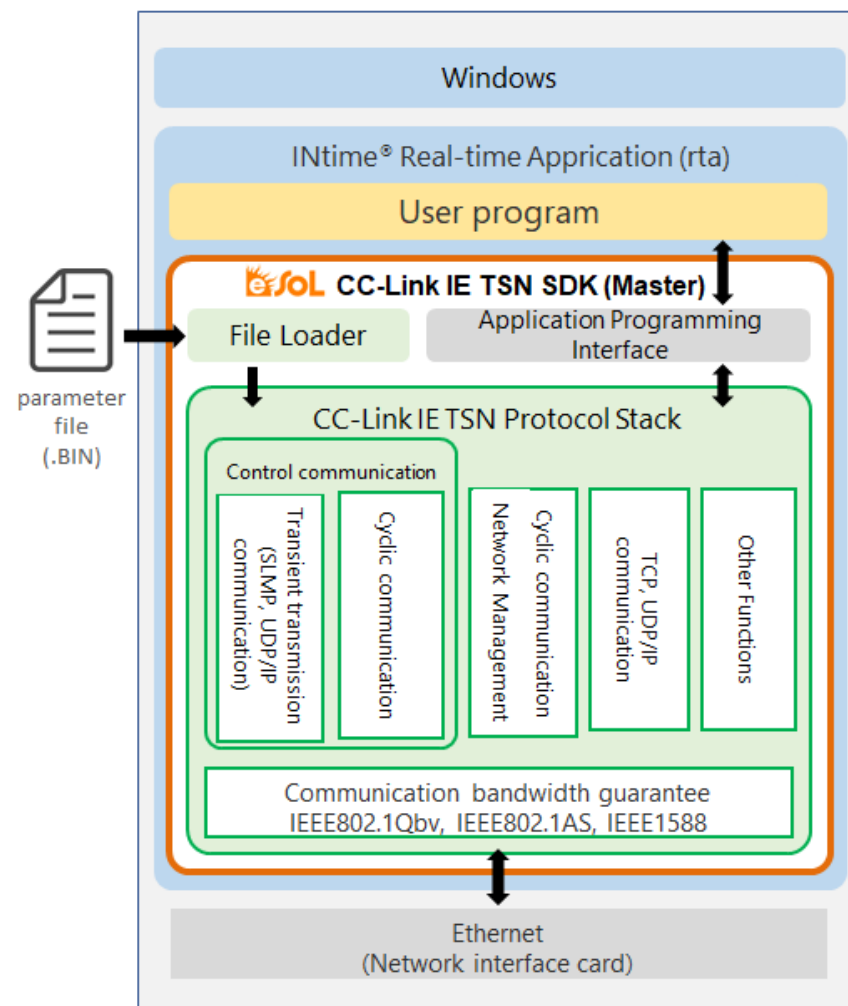

Supports CANopen compliant APIs

- **High Performance**

Runs on INtime RTA RTOS, coexisting with Windows

Uses high precision clocking with Intel Ethernet Controller I210 series

eSOL Co., Ltd.

CC-Link IE TSN Safety SDK

CC-Link IE TSN Safety SDK is CC-Link IE TSN Safety compatible protocol implementation for embedded devices

- **CPU/OS Independent**

Current supported Hardware: Renesas RX Series

- **High Quality**

CC-Link IE Safety protocol stack core is IEC61508 certified
CLPA safety communication function conformance test is passed

- **SDK Component/Specification**

- SDK contains with sample application
- CC-Link IE TSN Safety Protocol stack (IEC61850 certified)
- CC-Link IE TSN Safety Functional Wrapper application
- Sample drivers
